PROFILE

Computer Science graduate with hands-on experience in fullstack web development, network engineering, and digital marketing. Built and deployed production web applications using Next.js, TypeScript, and PostgreSQL. Completed internships at MTN Nigeria (transmission networks) and Cyberspace Limited (NOC operations). Currently seeking fullstack developer or AI/automation-focused roles.

EDUCATION

Pan-Atlantic University, Ibeju-Lekki, Lagos

Bachelor of Science in Computer Science — Expected Dec. 2026

Relevant Coursework: Software Engineering, Systems Programming, Web Development, Computer Networks, Telecommunications Systems, Network Security

EXPERIENCE

Transmission Intern | MTN Nigeria, Lagos | 2025

- Worked within the Transmission Team at MTN headquarters in Ikoyi on fiber optic and microwave transmission networks
- Participated in site inspections including a site relocation project and fiber rerouting exercises
- Assisted in analyzing fiber performance reports using OTDR tools (attenuation, latency)
- Used Huawei iManager and Ericsson ENM for real-time network monitoring

IT Intern | Cyberspace Limited, Lagos | Jul. 2024 – Sep. 2024

- Collaborated with senior engineers to monitor and maintain enterprise network infrastructure
- Resolved LTE and routing configuration issues across multiple client systems
- Assisted with customer support ticketing, contributing to faster response times and better prioritization
- Gained exposure to ISP operations, including wireless systems, switching, and data flow monitoring

Founder | Retro Locker | 2022 – Present

- Founded and run a streetwear clothing brand targeting Gen Z, marketed through Instagram
- Handle product sourcing, brand identity, social media marketing, and customer engagement
- Built the brand from scratch with no external funding

Marketing & Sales Assistant | Maxmode Gadgets, Lagos | 2022

- Managed product promotions and social media marketing, increasing visibility by 30%
- Assisted in tech product sales, both in-person and online, delivering tailored recommendations
- Supported digital branding efforts and initiated customer engagement strategies

PROJECTS

XL Billboards Website (Next.js, TypeScript, Prisma, PostgreSQL)

- Built a corporate website for an outdoor advertising company as a freelance project
- Features searchable billboard inventory (25+ locations), interactive Leaflet maps with GPS coordinates, admin panel with CRUD, blog system, and email notifications
- Live at xlbillboardsng.com

Clinic Management System (React, NestJS, PostgreSQL)

- Built a full-stack clinic management system with React frontend, NestJS backend, and PostgreSQL database
- Features CRUD operations for patient records, appointment management, and a responsive UI

Cafeteria Ordering System (Streamlit, PostgreSQL)

- Built an ordering platform with separate admin and customer dashboards for meal management and order tracking

Biometric Attendance System (Java, Swing, MySQL)

- Developed a desktop app with biometric attendance tracking, shift management, and employee registration

ToothFixers Web App (React, Node.js, Express, MySQL)

- Built a full-stack dental clinic management system with appointment booking and admin panel support

Word Scrambler Game (Java, Swing)

- Created a spelling game with scrambled words, scoring system, and letter reveal feature

Google Business Profile Optimization

- Helped businesses improve local online presence through Google Business Profile optimization, local SEO, and Google Reviews management

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C++, Rust, HTML, CSS, SQL

Frontend: React, React Native, Next.js, Tailwind CSS, Vite, Responsive Design

Backend: Node.js, Express.js, NestJS, REST APIs

Databases: MySQL, PostgreSQL

Tools & Platforms: Git & GitHub, VS Code, Apache NetBeans, MySQL Workbench, Streamlit, Vercel, CorelDRAW

Networking: LTE Network Monitoring, Fiber Optic & Microwave Transmission, WhatsUp Gold, MobaXterm, Huawei iManager, Ericsson ENM

Other: AI & Automation, Cybersecurity, Digital Marketing, SEO

EXTRACURRICULARS & INTERESTS

- Tech Interests: Software Development, Cybersecurity, ISP Networking, Digital Marketing
- Creative Interests: Fashion, Graphic Design, Personal Branding
- Sports & Recreation: Boxing, Basketball, Table Tennis, Working Out
